ACARI™ Products Drill-Free Rooftop Mounting Platform

A Revolutionary Solution for Mounting Equipment to the Roof of Your Vehicle.

The **ACARI™ Roof Top Mounting System (RTM)** securely attaches to the cab roof with its revolutionary clamp and gasket system through the third brake light opening.

- Drill holes in the platform, **NOT THE CAB ROOF.**
- Mount warning lights, antennas, work lights and other essential accessories.
- Sleek and sturdy platform is manufactured in 6063 anodized aluminum with high impact ABS end caps and is made entirely in the United States.
- Perfect for large fleets or single vehicle applications.
- Flexibility to customize your vehicles with equipment needed for any type of job.
- Eliminate lease penalties, rust, scratches and exposed wires.
- Low profile solution for your equipment mounting needs.

The ACARI™ RTM can be easily removed and the vehicle restored to its original condition.

Roof Top Mounts are engineered to be vehicle specific and are available for most late model full size pickup trucks. Please check with your local ACARI™ Representative for more information.

Photos represent ACARI™ RTM base model... customize your own!

ACARI™ Products are 100% engineered and manufactured in the United States.

ACARI™

PERFECT FOR FLEETS!

SAVES TIME:
Preassemble with beacons, GPS, work lights, antennas, and other rooftop devices.

SAVES DRILLING:
No need to drop headliner and eliminates lease penalty for drill holes.

SAVES MONEY:
Installs in three easy steps reducing shop time, errors, damages.

Platforms are available in 22", 28" and 34" Mounting Surfaces.

Please have my local ACARI™ Authorized Managing Sales Representative contact me to set up a product demonstration and discussion about my needs.

Please send me more information by E-mail.

Please send me more information by conventional mail.
